PROFESSIONAL SUMMARY

Detail-oriented Computer Engineering graduate skilled in software development and application logic. Experienced in building intuitive user interfaces, designing clean UI components, and managing relational databases, with a strong collaborative spirit in digital project execution.

EDUCATION

Polytechnic University of the Philippines

2022 - 2026

Bachelor of Science in Computer Engineering

Sta. Mesa, Manila

- Relevant Coursework: Software Engineering, Web Development & Frameworks, Data Science, Data Analytics, Database Management Systems
 - Organizations: PUP College of Engineering Honors' Society
 - Awards: President's Lister, Department of Science and Technology (DOST) Scholar
-

WORK EXPERIENCE

East West Banking Corporation

August 2025 - October 2025

Shared Testing Services (QA Tester) Internship

Rufino St., Makati City

- Evaluated internal system applications and new software features prior to deployment to identify functional bugs and ensure seamless system stability.
- Developed comprehensive test cases and regression documentation to streamline the QA process and improve overall software reliability.
- Diagnosed software anomalies and performance issues alongside the development team to resolve technical bugs and ensure optimal system execution.

Pixel8 Web Solutions and Consultancy

August 2024 - October 2024

Database Design Internship

Legazpi City, Albay

- Structured relational databases based on system requirements using MySQL to effectively support overall system operations.
 - Designed Entity-Relationship Diagrams (ERDs) using Lucidchart to visualize data relationships, significantly enhancing database comprehension across the team.
 - Reviewed backend database requirements alongside UI/UX designers to align data structures with front-end needs, resulting in better user interface innovations.
-

COMPLETIONS AND SEMINARS

- **Completed DataCamp Courses**, 2024 - 2026
 - **Prepi Boot Camp: Developing Young Executives**, Cebuana Lhuillier Academy, November 27-28, 2025
 - **Understanding AI, GenAI, and LLMS in the Real World**, Polytechnic University of the Philippines, April 18, 2026
 - **Cloud Containers: CIO Perspective and DevSecOps from a Cybersecurity Lens**, Polytechnic University of the Philippines, May 15, 2026
-

SKILLS

Technical Skills: Python, SQL, JavaScript, PHP, Dart, C, Vue.js, React, Next.js, Laravel, Node.js, Flutter, Streamlit, Tailwind CSS, PostgreSQL, MySQL, Supabase, Firebase, Pandas, Power BI, ETL Pipelines, GitHub Actions (CI/CD, Cron), REST APIs, Git/GitHub, Figma, OpenPyXL, Postman

Personal Skills: Problem-solving and critical thinking, Collaboration and strong communication, Attention to detail, Time management and task prioritization, Initiative and self-motivation, Adaptability, and Analytical mindset
